PROFILE

I have been working as a web developer for 5 years till now. I believe I am a very ambitious person who loves to work on making the website work well. Working on the web is my passion as I love to work on exciting projects and I'm excited also to bring my analytical skills to a new company and continue to make data-driven decisions. I'm able to present data in a clear and understandable way to both technical and non-technical stakeholders.
